## Transportation and Tours:

Global Incentive Management, a destination management company, is the official tour and transportation company for EMNLP 2021 to ensure you have a safe, stress-free start and end to your trip in Punta Cana. Avoid overpaying taxis and other travel pitfalls. With Global Incentive Management, you will experience comfortable, economical service in an air-conditioned vehicle, with our staff greeting you at the Punta Cana airport and the best provider to serve you and your guests. There will be a desk available onsite at the resort for limited hours where you can make tour and other plans. You can also find more about the fun excursions they offer and make your transportation and tour plans directly through Global Incentive Management at this site:

<https://gimdmc.com/EMNLP/index.html>

---

## Childcare

At the present, only individual childcare can be offered. The Kids Club is still closed per local COVID-19 restrictions. Individual childcare costs are \$20 USD for one hour and any additional hours are \$15 USD per hour. 24 hours notice is required.

---

# Barceló Bávaro Venue

The Convention Center is adjacent to the Bavaro Beach (adults only) accommodations and the Bavaro Palace accommodations are at the opposite side of the main building entrance. Both have water sports, pools, a very large buffet and both are right at the beach. The differences are: All of the different cuisine restaurants, bowling, disco, club, shops, a few pools, etc (see all the pictures at the bottom of the venue page at the website) are at the main building in the Palace complex. The Palace is set up more like apartment or condo buildings, some facing a lawn/garden and some facing the beach. The "adults only" beach accommodations are lower (1-2 levels as opposed to 3-4 levels at the Palace complex) and more like bungalows you might imagine in a British jungle environment...more secluded feeling. The travel time from the Palace (where most amenities are) to the "Beach" which is next to the convention center, would be 10-15 minutes when catching the little train (also pictured in the Venue at the website) to go from the Palace to the Convention Center/Beach section. So, it's really a matter of personal taste...relax at the Beach complex and travel to the main complex for restaurants/entertainment or stay where more of the action is and travel to the convention center each day.

Trains: regular trains run every 10 minutes. 2 or 3 trains will be dedicated to the group and they will go permanently during our peak hours before the conference begins each day and at the end of each day. The train takes approximately 10 to 15 minutes from the Convention Center to the Main building at the Palace. It may take less or longer, depending in which section the guests are staying.

## **Activities and Restaurants:**

The Lakes, our spectacular and redesigned golf course. This fully renovated hotel offers culinary alternatives for people with the most demanding tastes who enjoy the pleasure of good food. The multiple water activities, state-of-the-art spa, water park and shopping center will keep guests busy yet relaxed when not enjoying the conference.
